Thailand Digital Arrival Card System Set to Launch on 1 May 2025

From May 1, 2025, all non-Thai nationals entering Thailand by air, land, or sea are required to complete the Thailand Digital Arrival Card (TDAC) online before arrival. This new digital system is designed to make immigration processing faster, easier, and more secure, eliminating the need for traditional paper forms.

Key Steps:

Register 3 days before your arrival.

Apply via the official portal at <https://tdac.immigration.go.th>.

Remember, the TDAC is mandatory starting May 1, 2025.

Completion of the TDAC will be mandatory for all foreign passport holders, including tourists, business travellers, and long-term residents. Exceptions apply only to travellers transiting or transferring through Thailand without passing through immigration control and to those entering using a Border Pass.

Travellers may submit the TDAC up to three days before their scheduled arrival date. For example, if arriving on 5 May, submission can begin on 2 May. The system will open for submissions starting 28 April to accommodate those arriving on the launch date.
